1. The following is an examiner's statement of reasons for allowance: the limitations reciting a table saw including a scale system having scales readable by a pointer fixed to a rip fence and a pointer fixed to a stationary table as claimed in combination with other limitations set forth in claims 1 and 12 are not anticipated or made obvious by the prior art. For example, Boice discloses a table saw having a scale system readable by two pointers mounted on extensions on a fence. Ceroll discloses a table saw having a dual scale system readable by a pointer system mounted on a stationary table. However, Boice and Ceroll, alone or in combination, do not disclose the table saw including the scale system having the scales readable by the pointer fixed to the rip fence and the pointer fixed to the stationary table as claimed in combination with other limitations set forth in claims 1 and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
